Assignment – Thursday(?) before Ethelo opens to participants

- Get moderation up and running for Engaged California's LA Fires topic by Monday morning

    - Refine moderation policies*

    - Identify and train moderation team

    - Develop "Moderation Ops"

        Civility pledge, moderation policy, and moderation matrix were in place

Challenges

- IP restricted login for admins and moderators

- Wanted audit trail

- Maintaining ODI and state standards around data security and privacy

- Moderator training and confidence

- Uncertainty about volume and bad actors

- We have never done this before!
